

Hey,

I'm Mike, software engineer with 20 years of experience

Few things about me:

- fullstack - TypeScript, NestJS, MySQL, Vue.js 2/3, Pinia, Vuex, Unit, e2e tests, Docker and more
- ex Head of Technology in FoodTech Startup
- business mind - ex owner of Software House
- webapp security blogger and researcher
- experienced with improving architecture of existing apps
- proactive with strong sense of ownership
- strategic thinking - proficient in identifying second and higher-order consequences
- decent person :)
